It can meet the demands of large-scale international-level commodities fairs and large-scale trade fairs.

## Excerpts of 2008 Show Report

# SHOW REPORT

### Toast to Interwine China 2008!

The annual Guangzhou International Wine & Spirits tradeshow, Interwine China 2008, has concluded with great success.

In just 3 days, the exhibition of 6,000 sqm attracted a total of 157 exhibiting companies & 8,674 trade visitors. Indeed, this regionally acclaimed tradeshow is rewarding, as it provides a platform for participants to interact with one another and exchange the latest news and technologies in the industry, offering them plenty of business opportunities.

Those who have been to Interwine China 2008 would surely agree that Interwine China mostly constituted a prestigious showcase for wine and spirit production, trade, relative products and services from abroad, responding to the need of professionals in the field for a trade-fair with strong international appeal and a strict Business to Business formula.
